Plan View

Crane Work Zone warning lines will be erected, maintained, & removed by US Tower.

US Tower shall be responsible for ensuring that all employees, non-essential personnel, and visitors will be vacated from beneath the travel path of the load and all potential fall zones during the lift.

US Tower shall be responsible for ensuring that all ladders, scaffolds, and work platforms are clear of obstructions and that they are in good working order.

US Tower shall provide all necessary safety equipment and protective gear to ensure the safety of all personnel working on or near the lift.

US Tower shall ensure that all equipment is properly maintained and inspected before and after each use.

US Tower shall provide a written report to crane operator describing the work area and the hazards associated with the lift.

US Tower shall ensure that all personnel are aware of the hazards associated with the lift and the safety measures in place.

US Tower shall provide all necessary instructions and supervision to ensure the safe operation of the lift.

US Tower shall ensure that all personnel are properly trained and certified to operate the equipment.

US Tower shall ensure that all personnel are aware of the emergency procedures and evacuation routes.

US Tower shall ensure that all personnel are aware of the consequences of failure to follow safety procedures.

US Tower shall ensure that all personnel are aware of the potential for serious injury or death due to failure to follow safety procedures.

US Tower shall ensure that all personnel are aware of the potential for property damage or loss due to failure to follow safety procedures.

US Tower shall ensure that all personnel are aware of the potential for environmental damage due to failure to follow safety procedures.

US Tower shall ensure that all personnel are aware of the potential for legal consequences due to failure to follow safety procedures.

US Tower shall ensure that all personnel are aware of the potential for financial consequences due to failure to follow safety procedures.
